Ogden News

Office-410 Twenty-fifth street. Circulation Department, 366 Twenty-fifth Street.

Ogden, Friday, Sept. 24.

One Hundred Members of La-

Twenty-fourth street. From Twenty-fourth street the distinguished party will enter Lester park from the northwest corner proceeding in a southeasterly di-

ferson avenue, thence north on the avenue to Twenty-fifth street and west along that street to the depot, where the presi-

north.

Chief of Police Thomas Browning has called upon President Piggott of the State Federation of Labor to furnish 100 union men to volunteer as special policemen during the stay of President Taft in the city Sunday. President Piggott has gladly responded to the call, and will immediately meet with the heads of the various unions of the city to decide upon

Southern Pacific Officials Start Work on Oil House to Supply the Engines.

Special to The Herald-Republican.) Ogden, Sept. 23.-Engineer A. Q. Campbell and Foreman Barr left last night for Carlin to begin the erection of a large oil plant at that place for fuel service to Southern Pacific engines on the two western districts of the Salt Lake diwestern districts of the Sait Lake di-vision. The material for the fuel station is already on the ground and the con-struction of the plant will require about sixty days. As soon as the work is in-augurated Engineer Campbell will re-turn to Ogden and assume personal di-rection of the improvement work now in rection of the improvement work now in progress in the local yards.

In connection with the latter proposi-

In connection with the latter proposition, fifty Greeks were put to work this morning on track construction under Foreman Dawe, making a force of 115 men now employed in that task. The steel rails, angle bars, spikes and the like are now on the grounds, and the new side tracks will be finished as fast as the work can be done.

Foreman Ashton, who has charge of the concrete work for the passenger train tracks. has a force of twenty-five men at work on the concrete curbs.

digging beets. Work was begun on the digging beets. Work was begun on the Ming and the harvesting will continue until late fall. Those who have the flat score are the only ones permitted to dig now. Those with the sliding score will not commence digging until two weeks later.

The railroad company has just completed a new beet dump, and the harvesting will continue until late fall. Those who have the flat score are the only ones permitted to dig now. Those with the sliding score will not commence digging until two weeks later.

The railroad company has just completed a new beet dump, and the harvesting will be man bill.

Simple the flat score are the only ones permitted to dig now. Those with the flat score are the only ones permitted to dig now. Those will not commence digging until two weeks later.
